Program Descriptions

PreCanSkate (KidSkate)

PreCanSkate is a learn-to-skate program geared towards beginner skaters aged 3 to 5. The program is designed to give skaters the basics of skating in a fun, play-based environment while implementing our 8 fundamental skills. This program is perfect for skaters with little or no skating experience.

CanSkate

Canskate is the learn to skate program which all others are measured against and offers the best curriculum in Canada. Our flagship learn-to-skate program has taught millions of Canadians to reach their recreational and competitive goals on the ice. The CanSkate program is geared to beginners of all ages, whether you are looking to improve basic skating skills for figure skating, hockey, ringette or speed skating, or wish to skate for recreation, fitness or fun, CanSkate will get you there.

CanSkate Advanced (Age 9+)

Are you a Teen or Adolescent wanting to learn to skate? Our club is about creating a safe and welcoming environment for any individual to be their authentic self, learn to skate and achieve their personal goals. CanSkate Advanced is for skaters aged 9+. No prior experience is necessary! Skaters will learn the fundamentals of skating and work at their own pace on a more mature setting. This program follows our CanSkate curriculum and focuses on mastering strong basics.

Intro-to-Star - Beginner Figure Skating (Junior STAR)

Intro-to-STAR (Junior STAR) is our bridging program transitioning skaters from the CanSkate levels into figure skating. This is a fun-filled, high-energy group lesson designed to keep skaters encouraged and moving! Skaters are taught by a 100% NCCP Certified Coach who will teach figure skating jumps, spins and movements while helping skaters master their remaining CanSkate skills. Ribbons and stage badges will be awarded as earned! Skaters have opportunities to perform on session or at events.

StarSkate Group - Figure Skating (Senior STAR)

STARSkate offers the best-in-class figure skating curriculum in Canada, targeting athletes looking for a future in the sport. The program introduces participants to the basic figure skating elements to develop fundamental figure skating skills in the areas of ice dance, skating skills, free skate, artistic and synchronized skating. Program includes 20-minute instruction and a 30-minute practice session with opportunity for private lessons.
